

MICKELSON NATIONAL
GOLF ACADEMY

Our goal at The Mickelson National Golf Academy is simple. We strive to provide high quality instruction at a world class facility, helping all levels of players improve their golfing journey.

Our instruction is grounded in sound fundamentals while addressing specific needs, customized for each individual.

“See the good in every student’s swing and utilize their strengths”

– Our Motto

Dave has enjoyed teaching all levels of golfers for the past 25 years. Be it the golf School at Kokanee Springs Golf School or the Junior program at Springbank Links.

Nominated twice as Teacher of the year by his industry peers.

Expect lessons with Dave to be casual, fun and informative.

Work with what people bring to you and improve their own swing to reach their personal golf goals. This formula has worked with over 18,000 students and will continue to be his teaching platform.

Dave's Motto: *"Make as few changes to produce the greatest results possible."*

Mike is in his second year as a PGA of Canada Assistant Professional at Mickelson National Golf Club, and in that time, he has built strong, genuine connections with many of our members. His passion for the game began at a young age, shaped by early experience working at a local course, where he developed a deep appreciation for golf's traditions and standards. Following a distinguished 27-year career with the Government of Canada, Mike is now in the exciting process of transitioning into the golf industry full-time—a path driven by his deep love for the game and the club environment.

Currently with Mickelson National in a part-time role, Mike has quickly become a familiar and trusted presence. Known for his approachable style and thoughtful instruction, he takes pride in building meaningful relationships and supporting each member's individual journey. Mike has a very exciting future ahead in the game.

2026 GOLF CLINICS

Exclusive Private Member Golf Clinics (Member Only)

New this season, our professional team has developed a series of clinics and programs designed to help members refine specific skills, build confidence, and continue progressing in their game.

With intentionally small group sizes and personalized coaching from our professional staff, these sessions provide an excellent opportunity to elevate your game while connecting with fellow members who share a passion for golf.

Mulligans & Martini's

Ready to learn golf in a fun, relaxed, and social environment? Join us for Mulligans & Martinis, a beginner-friendly ladies lesson series designed to build confidence, fundamentals, and plenty of laughs along the way!

This spring opening ladies golf four week series will focus on golf fundamentals, building confidence, sharpening scoring skills, and creating a supportive environment to develop your game alongside fellow lady members!

Led by our Director of Golf and PGA of Canada Class A Professional, Lisa Rosengarten, each session introduces a focused weekly theme while reinforcing the fundamentals that lead to consistent play.

Weekly Development Themes

May 13 – Spring Swing Reset

Refine the foundations of your swing including grip, stance, posture, alignment and execution.

May 20 – Full Swings and Course Strategy Session

Conduct full swings with driver, woods, hybrids and course strategy with how to use the clubs in your bag for each on course situation

May 27 – Wedge and Scoring Zone Mastery

Develop distance control from 30-80 yards and improve short-game techniques that will assist you in saving strokes.

June 3 – Putting Under Pressure

Learn alignment, speed control, grip options and practice drills to eliminate costly three putts

Session Times:

5:00 PM – 6:30 PM (Martini time offered post session)

6:45 PM – 8:00 PM (Martini time offered prior to golf session)

Martini Time!

As a bonus to the practice sessions each week, each group will mix and mingle over a complimentary weekly themed martini offered in the Mickelson National Restaurant with their golf group.

MICKELSON NATIONAL JUNIOR GOLF PROGRAM

(Member Only)

Welcome

At Mickelson National Golf Club we take learning seriously and it's done in a fun and informative matter. Golf can be hard and with the right amount of guidance and encouragement we will celebrate small victories.

"If golf was easy it wouldn't be as much fun!"

Mission

Our objective is to share our knowledge of golf in a safe, fun and enjoyable manner. We feel that it is our responsibility to celebrate the smallest victories and address the challenges of golf in a positive manner. We all learn this game over a lifetime so let's manage expectations and promote a positive learning environment for our young golfers.

Core Values

Honesty. Integrity. Respect. Courtesy.
Sportsmanship. Fellowship.
Confidence. Responsibility. Perseverance.

Parent Junior Orientation

Date: April 21 in the Clubhouse Banquet Room

Time: 6:00 pm

Class Lesson Structure

We will be teaching putting, chipping, pitching and full swing as well as sprinkling in etiquette and safety throughout the course. Each session will start off with a physical warm up. (5 minutes)

Drills without club after the warmup to start with. We will mimic the motions we will be using once we introduce a club and ball. (5 -10 minutes)

"Recess time" is a fun way to start the class and allows us to observe any "faults" on the fly. (10 minutes)

Drills with a club and ball. We encourage 2 practices swings for each ball...we will accept 1 practice swing as some kids are "doers". Minimum 2 drills. (15-20 minutes) Finish with a friendly challenge as a group and does not have to be a skill challenge. Go to your finish, show me proper posture set up etc. (10 minutes)

This progression is intended to create structure and a sequence of learning in a fun, group environment. It is very important to recognize successes individually and as a group throughout each lesson.

Safety

This is by far the most important part of teaching your kids how to golf. During lessons, clubs must be held and swung safely.

Discipline

We rarely have to discipline kids during class, but when we do, it's with safety in mind. Discipline is given for dangerous swing behaviour, being disruptive in class, or bullying, and consists of a 5 minute time out. Our staff will inform you of the situation personally.

JUNIOR GOLFER LICENSE

Many of the Junior Golfers have a great time playing with their parents, but at some point, they may prefer to be playing with their friends. Once they have learned the finer points of etiquette, safety, and speed of play, they can earn their license to golf without adult supervision when:

11 years of age or older and have passed the Division 3 Operation 36 test and approved by the MN Professional staff. Please see Dave or Bruce once your Junior has "qualified".

JUNIOR INTERCLUB

This is an opportunity for our Junior Golfers to participate in the Foothills Junior Interclub. This fun and competitive series runs throughout July and August. It is a great opportunity to meet players and play competitively at some of the best courses in and around the city.

Minimum Requirements

MN Junior Member

Junior Golfer License - Division 3 Status

Handicap Requirements: Boys 28 and Girls 36

Please contact Randy Robb our High Performance Coach for details on Interclub participation.

OPERATION 36 AT MICKELSON NATIONAL

A Fun & Structured Path to Junior Golf Success!

At Mickelson National Golf Academy, we are excited to introduce Operation 36, a proven development program designed to help juniors learn, improve, and love the game of golf, all while making measurable progress in a fun and engaging way!

How Operation 36 Works:

1. Starting Close to the Hole

Juniors begin their golf journey from just 25 yards out. The goal is to play 9 holes and score 36 or better from that distance. Once they achieve this, they move back to 50 yards, then 100 yards, gradually increasing the challenge.

2. Structured Learning & Progression

This step-by-step approach builds confidence and skills in a way that keeps kids motivated. Rather than jumping straight into long-distance shots, they master putting, chipping, and short-game fundamentals first, setting them up for long-term success.

3. Weekly Coaching & Play Days

Juniors will attend weekly coaching sessions with our professionals, focusing on technique, strategy, and on-course skills. Operation 36 Play Days allow them to test their skills on the course while tracking their progress toward the ultimate goal—shooting 36 from a full-length tee box!

4. Track Progress with the Op36 App

Parents and juniors can use the Operation 36 App to track scores, monitor skill development, and celebrate achievements. The app helps keep juniors engaged and motivated with fun challenges and milestones. Why Parents & Juniors Love It

- A fun, goal-driven approach that keeps kids engaged
- Encourages steady improvement through small, achievable milestones
- Helps juniors develop solid fundamentals in a structured way
- Builds confidence and excitement for the game
- Creates a pathway for long-term success in golf

At Mickelson National, our goal is to create a fun, supportive, and inspiring learning environment where juniors not only develop their skills but also build a lifelong love for golf. We can't wait to see your junior golfer progress through Operation 36!

MICKELSON NATIONAL 2025 JUNIOR PROGRAM

Inspiring the Next Generation of Golfers (Members Only)

At Mickelson National, we're passionate about growing the game and fostering a love for golf in our young players. Our 2026 Junior Program is designed exclusively for Mickelson National member juniors, providing an immersive, fun, and educational experience led by our professional instructors.

2026 JUNIOR COMPETITIVE PROGRAM

Program

Building on the success of the Winter Training Program that began in November 2025, the Mickelson National Golf Academy will offer a Competitive Junior Training Program throughout the spring and summer as players prepare for tournament play.

Juniors who meet the program criteria will be invited to participate in group training sessions at LaunchPad, Mickelson National, and partner facilities from April through July 2026. With a strong group of competitive junior golfers across multiple age divisions, this program will support players as they represent Mickelson National throughout the golf season. Following a successful 2025 season that saw our players make a significant impact on the provincial golf scene, our goal is to help them continue developing and reach even greater competitive achievements in 2026.

Criteria

The program is designed to support our junior golfers as they prepare for local, provincial and national Championships. Weekly sessions on and off the golf course will help the Pro's manage the player's progress.

Players must meet a number of our criteria points to be considered for the program.

These include:

- Participated in a number of events throughout the 2025 season
- Players' ranking on Junior Golf Scoreboard
- Participated in a National/Provincial Championship
- Participated in the 2025 MN Club Champs
- Has a Golf Canada Index meeting the set standard
- Is progressing at a good trajectory with the OP 36 program.
- Represented our club at interclub events during 2025

Details

Sessions will be held every Tuesday & Thursday evening starting April 14 and running to July 16. The first sessions will be held at Riverside Golf Centre working on specific drills and competitions with the classes moving to LP stalls and eventually out onto the golf course when the course opens and the weather co-operates. We will do our best to arrange the groups according to age, but occasionally this is challenging.

Classes will be run predominantly by Director of High-Performance coach Randy Robb with help from other MN Pros and our top college players.

Cost: \$250 per month plus GST
(5 Sessions per month)

The 16-week program consist of up to four groups, with eight players in each group, who will train together in preparation for the 2026 golf season.

COACHING PROGRAMS

The Mickelson National Golf Academy is becoming one of the top facilities for High Performance golf in Canada. Director of Coaching & High Performance, Randy Robb has created programs for all ages of competitive players from young juniors just starting with the local junior mini tours right through to players preparing for Q Schools and professional golf.

The programs revolve around helping players prepare for the competitive season by improving swing technique and providing support during competitive situations. With the use of launch monitor feedback and LaunchPad Golf technology, the golfers training at Mickelson National get a huge jump on the season as sessions run throughout the year.

As the spring season begins the coaching programs move predominantly onto the golf course where players work on short game skills and course management. All of the competitive players prepare a tournament plan for the year and the coaching staff set aside days for practice rounds and support at the major events. This model of support and observing players as they are competing truly makes the Mickelson National Golf Academy program stand above the rest.

Once again, we will be planning Players Camps at Mickelson National GC for the 2025 season. These camps revolve around helping players get ready for provincial qualifiers & championships. Information will be on the Mickelson National social media streams throughout the year.

If you are interested in more information regarding annual coaching programs, please contact Randy at randy@mickelsonnational.com.
